# PA Amplifier
NT - 40WPA

NOVA

PA Amplifier (NT-40WPA)

The NT-40WPA is a versatile audio amplifier designed for reliable performance in various settings. It features plug-and-play USB connectivity for easy audio playback from a USB drive, along with 2 MIC inputs, 1 Aux input, and 1 Aux output for flexible connectivity. The amplifier offers high-power 100V and 70V outputs, making it compatible with different speaker systems. It includes LED level indicators for visual audio feedback, a mute function for quick silencing, and individual volume control for each channel. With four regional outputs, the NT-40WPA is ideal for multi-zone audio setups, making it suitable for environments like conference rooms and public spaces. Its user-friendly features and robust audio capabilities ensure high-quality sound distribution.

TECHNICAL DATA SPECIFICATION

Model	NT-40WPA
Line Voltage:	70-100 v
Impedance:	4-16 Ω
Rated Power:	40 W
Dimension (mm):	380x180x67
Weight (kg):	2.84 KG
Gross Weight (kg):	3.74 KG
Panel Color:	Silver/Black

KEY FEATURES

The NT-40WPA includes plug-and-play USB, 2 MIC inputs, 1 Aux input/output, 100V/70V outputs, LED indicators, mute function, individual volume control, and four regional outputs.

QUICK GUIDE

The NT-40WPA is easy to use: connect your USB drive for plug-and-play audio, adjust individual channel volumes, and utilize the mute function as needed.
